

STEVE GUTFREUND – 342873791
YOEL JASNER – 204380992

The parameters we used:

- embedding size 64
- representation size 64
- out dim LSTM_#1 32
- out dim LSTM_#2 32
- learning rate 0.0005
- optimizer Adam

Graph 1 – POS data
 (the graphs are well indicated which represents what)

Graph 2 – NER data
(the graphs are well indicated which represents what)
